

outside. I know, I've been there. You can have this rest in your innermost being because you believe in there. Physical symptoms in your body can be most alarming, the devil can be telling your mind all kinds of thoughts, and your physical feelings just yelling at the top of their voice. But yet in the inside there is a peace.

Believing is knowing. I don't mean knowing like you know that songbook is there because you can see it. That isn't the kind of knowing I'm talking about. I said believing is knowing. You know what God's Word says. You believe that Word with all your heart. You trust in that Word with all of your heart. We know that the Word of God is true.

When He says in Philippians 4:19, "My God shall supply all your needs," what do we do? We simply know in our spirits that every need will be supplied, and we don't worry. We have no anxiety. Our hearts take courage as we read the Word. Our assurance becomes deeper as we meditate in God's Word, and this assurance in our spirit is independent of what our physical senses tell us.

It may contradict what our physical senses tell us, as often it does. But we know that spiritual things are more real than material things. We know that spiritual things are superior to physical things for God, a Spirit, created physical things. Spiritual things have to be superior.

We know that spiritual forces are stronger than physical forces. We know that I John 4:4 says, "Greater is he that is in you than he that is in the world." All I need to do is learn how to put Him to work in me. It is my faith in Him that puts Him to work in me. So we trust in Him with all our hearts and He rises up in us, and gives

illumination which we can get from no other source.

We know, not think, and we cannot be conquered. We know because we believe. "We which have believed do enter into rest." Thank God for all of those trials. Thank God for all the tests. Many has been the time that I lay down and pillowed my head, and I said to the Lord, "Lord, I'm pillowing my head on this pillow here, and I want You to know that spiritually speaking I'm pillowing my head on your Word. I'm going to rest, and I'm going to sleep because I have your Word that my need is met."

I've done that with some of the most alarming symptoms in my body. The devil said, "Boy, you'll die in your sleep. Don't you remember way back yonder when one of those doctors talked to you, and he said that finally before you died you would have one of these symptoms about your heart? You have those symptoms now, so you are in the last stages of this thing." Here I had been preaching for several years, and the devil was trying to bring it back on me. He said, "You'll probably die right tonight in your sleep. Don't you remember what he said?"

I just laughed right in the nighttime right out to the devil, and smiled in the dark. I said, "No Mr. Devil, I know what he said, but I'm going to sleep. You see, He'll keep His Word with me. I'm tied up with God; I'm not tied up with you anyhow."

Then I said, "Lord, I'm trusting You. In Your Word You said to trust in the Lord with all your heart. Now I'm going to go to sleep. If I don't make it, it will be because You failed, not because I failed. I'm trusting in Your Word. I'm taking You at Your Word.

"If You don't want to keep Your

Word with me, that's all right with me. But of course I know You will. Praise the Lord! I'm not troubled about it; I have rest about it. I know in my spirit." You know, you can sleep and awake and all the symptoms are gone.

In the midst of trial and test, financial difficulty, the most adverse circumstances you can do the same thing. Someone said, "I can't." Yes, you can if you walk by faith. If you will learn to believe with your spirit you can. Someone said, "I sure hope that works for me." It won't, because you never get anything from God by hope. It is by faith.

If you will start believing, it will work for you. Start acting on God's Word. Start putting it into practice. You can always put it into practice for yourself, but you can't always for the other fellow because he has a will of his own. You can't push something off on the other fellow. God Himself can't do that. But if you can get them to believe with you, you can get results.

I could give you illustrations until the sun comes up of people I know personally that have been given up to die by the best doctors in the land. They are alive and well today. Some of them are preaching the Gospel. I found out when I can get people to quit trying to get something, and start receiving and believing God, something happens.

### *Testimonies in Brief*

Your daily lessons are the "high point" of our day, and we are so greatly blessed by them! I thank you and Sister Hagin for agreeing with me on my last prayer requests. We are seeing results in the salvation of those for whom we asked your prayers. Praise God! M.S.

I asked the Lord for another son and I wanted an easy delivery and to only be in the hospital three days. Praise God, after reading your Bible Prayer Study Course I claimed it and I got exactly what I asked for. I came home from the hospital feeling great with an 8 pound 15 ounce baby boy. Everyone was surprized except me. C.F.

I thought I should write you and tell you how much your letters and teaching the Word of God has done for me. For the first time in five years I have been able to do my house work which would usually put me into bed for 2 or 3 weeks. I could never find words to tell you how much you have helped me and taught me about the Word of God. J.C.

I thank God for your tapes on faith for it was through them that Jesus spoke to me. Praise God, He changed me. He created in me a new person, I had many horrible self sinful things wrong with me but He cleansed me and gave me peace. J.R.

Thank you so much for mailing me the Word of Faith. You are helping me so much in a closer walk with my God. I praise the Lord for men like you and the book you mailed me, Authority of the Believer. I wouldn't take anything for it, I didn't know I had that authority until I read and reread that book. I keep it with my Bible and they go with me. E.R.

I can't tell you how much I appreciate your ministry. When you were in the area for a Crusade, God performed a miracle in my family. My husband was introduced to Christ the Healer in one of your evening services. It was hard for him to believe in miracles until he saw them with his own eyes. As a result our life here at home is undergoing many changes. O.B.

Thank you for telling me about the good news of the crusades this year. I am fine, having been delivered by our Great High Priest in Glory. Great and marvelous are His works. E.L.

My sister who had cancer is doing fine and working. Nine of the best doctors in Texas said she had cancer in her breasts so bad that they could become open sores. I asked you to pray and when they cut in to perform the last test they found no cancer. Her doctor said with tears in his eyes, "I don't want any glory for this, this has shook the whole town." I felt I should write and thank you personally for your prayers. F.N.

I have just got to let you know that God has delivered me from the cigarette habit. I had written to you and poured out my heart to you that I needed help and set free from this habit. The Lord has set me free! I thank God that I can write to you and you always send me an answer back. It is good to lay down to sleep at night and to know all is well with my soul. F.N.

First of all I would like to tell you how much God used the books Authority of the Believer and What Faith Is in my life to bring me closer to a victorious Christian life instead of the defeated life I was living. I praise God for the work you are doing and how He is speaking through Kenneth Hagin, B.A.

I have just finished reading your book Prayer Secrets. I didn't get all the way through before I received my healing from a lung disease I have had for 18 years--all my life. (I am 18 years old.) I just praise God for my healing. J.J.

I wish to express my deep appreciation for your notes and Bible verses that you send in answer to my letters. I look forward to them more and more. I somehow feel they are straight from God. Thank God for people like you! W.E.F.

We as a group want you to share in our joy that the "Word of God" is being preached to the youth in our community with resulting actions. Your ministry has been the mainstay of our teaching. The tapes, lessons and study courses are being greedily absorbed by the youth. I know you would enjoy the simplicity of these young people accepting the "Word of God." H.H.

I do appreciate the Word of Faith. Thank God for you! I was left a widow six years ago without a dime. I had never worked outside the home, had asthma so bad I couldn't make a bed, sweep or even walk a half a block. God provided me with a job, gave me back my health and most of all He opened my understanding that I might understand the scriptures. I have now received the Holy Spirit. D.G.

When I first heard your program, I couldn't believe my ears. I have started to pray and believe it's so! It works! I praise God that we can stand on His Word. I thank God that He directed me to your broadcast. C.M.
